

Master of Business Administration **– MBA –**

Standard Period of Studies: 18 months

ECTS Credits: 90

The Postgraduate programme of the MBA prepares candidates for senior management roles in organisations. The course's purpose is to educate the responsible manager, who understands the cross-functional picture and wider implications by which organisations of different kind and industries are driven and have to be managed.

Contemporary managers must also own high standards of ethics and moral, which are indispensable elements within the demand for sustainable management meeting challenges of economy and society. Today's complex environment requires respect for differing objectives of multiple constituents and a variety of stakeholders.

The MBA provides candidates with extended and superior knowledge being concentrated on latest reconnaissance and developments, but focuses on modern organisational challenges, forces and values driving these. The course combines knowledge on organisations with key management practice skills and respects acknowledged findings of latest research.
